STOMACH BITTERS

THE BREVITY BASKET.

Filled With Brief Mention of Many Minor Events of Yesterday.

The funeral of Miss Alice Worth Pendel, 17 years of age, and daughter of Mr. Thomas F. Pendel, one of the doorkeepers of the white house, took place yesterday evening from the family residence, 603 O street northwest. Rev. Mr. Donier officiated and interment was made at Glenwood.

The funeral of Mr. William P. Sheild took place yesterday afternoon from the Methodist Presbyterian church, and was largely attended, a large number going from Washington to be present at the obsequies. The funeral was in charge of Mount Nene Encampment, No. 6, I. O. O. F. The interment was made at Congressional cemetery.

About noon yesterday a white man named Michael Frayne, residing at No. 1008 Thirtieth street northwest, while carrying a mattress down stairs, fell over the balusters from the second story to the floor below, striking on his head, making a scalp wound about five inches long, and otherwise injured himself. Dr. Louis Mackall rendered medical aid.

Mr. Jackson Knight, of Henrico county, Va., and Miss Mollie Bishop arrived here yesterday on the Richmond train at 10:25 a. m. and were married in the dining room at the Baltimore and Potomac depot by Rev. Dr. Sanderford, who was in waiting, a telegram having been sent to have everything in readiness. The young couple immediately returned on the fast mail train.

The funeral of Adams Dade took place yesterday afternoon from John Wesley (colored) Methodist church. The floral gifts were very handsome, among them being a large pillow with the inscription "Rest" from the clerks of the navy department, where he was employed as a messenger. The Rev. Jacob M. Mitchell officiated. Interment took place at Graceland cemetery.

Dr. J. Marion Sims, the eminent surgeon, who has been in the city since Monday, left last evening for New York. The principal object of his visit here was to select a piece of property on which to build a residence. He says that when his house is finished here he will say goodbye to Paris, Vienna, and Italy, and spend his winters in Washington. Dr. Sims will sail for Europe next week.

Members of the New York Republican association are applying in large numbers to Mr. J. H. Carmichael, 1103 F street, office of L. M. Saunders, chairman of the transportation committee, for half rate tickets to their homes for the purpose of voting. Tickets to New York city or any point on the line of the New York Central and Hudson River railway are furnished for the round trip at half rates. Mr. Carmichael will be in attendance at the office of Mr. Saunders each day from 4 o'clock p. m.

A private entertainment was given at No. 702 Thirtieth street northwest, to some of the friends of La Petite Louise Marguerite, the 11-year-old musical phenomenon, who executed several difficult compositions in a very artistic manner. This child vocalist possesses a rich voice of great compass, and of remarkable power for one so young. She is a pupil of Prof. Le Roy J. Boggs, who, with Mr. William Lamb and Mr. Elmer Carrier, rendered the instrumental part of the choice programme arranged for the occasion.

The adjourned case of affray against John O. Thompson, of the *Sunday Chronicle*, and C. H. Hansen was settled in the police court yesterday by each of the defendants being fined \$50. "I impose this penalty," said Judge Snell, "because of the way the case was tried. Both gentlemen refused to enlighten the court with their testimony, but it is in evidence that Mr. Hansen used a weapon that disgraces a man to be whipped with, and Mr. Thompson exceeded his rights of self-defense. An appeal was not in each case.

A SUBTERRANEAN FOREST.

Trees and Bushes Found in Digging the

Foundation of the New Casino Building.

A most remarkable discovery was made by the workmen engaged in digging the foundation for the new Casino building on Connecticut avenue, near Seventeenth street, yesterday. In the northwest section of the foundation an excavation was dug twenty-three feet below the surface and through a bank of solid red and black clay, the workmen found in thickness for the purpose of constructing a lowering stage. At this great depth and below the solid twelve foot mass of clay a dense forest and thick growth of plants were found. The formation of the trees is perfect. They resemble ash, cedar, poplar, and it has probably been thousands of years since they saw the light of day before. The wonderful sight of a subterranean forest so far below the surface was witnessed by hundreds of people yesterday, and many specimens of the trees and grass were carried away as curiosities. One piece of wood and clump of grass were sent to the white house.

EVERYBODY is advised to attend the anniversary of Tim Sullivan's opening on next Friday at 1310 Pennsylvania avenue northwest.

Funeral of the Late G. V. Fox.

The funeral of ex-assistant secretary of the navy, G. V. Fox, took place at 2:30 o'clock yesterday afternoon from St. John's P. E. church. Rev. Dr. Leonard officiating. The impressive burial services of the Episcopal church were performed in the presence of a large congregation, including Secretaries Chandler, Lincoln, and a number of naval officers. The scene in the church was peculiarly touching, as the choir of male voices filled the church with solemn music, and a flood of light streamed and yellowed the arched and star surmounted chancel in which the flowered casket lay. The pallbearers were Commodore Temple, Admirals Murray, Worthington, Howell, Rodgers, Walker, and Dr. Wales, U. S. N. The remains were placed temporarily in the Montgomery Blair vault in Rock Creek cemetery. The floral tributes were beautiful and appropriate.

Increased Sale of Postage Stamps.

City Postmaster Conger stated last evening that since the reduction of letter postage to 2 cents the sale of stamps has increased largely. During the month of October there were sold at the city postoffice 10,000 1 cent stamps and 750,000 2 cent stamps. During the month of October, 1882, the receipts from the sales of stamps were \$21,223. During October, 1883, the receipts were \$25,003.20. Notwithstanding the reduction of letter postage from 3 to 2 cents, which went into effect the first of last month, the receipts were \$5,000 greater that month than they were during the same month last year.

Richmond Fair.

The Virginia state fair will be held at Richmond Oct. 31, Nov. 1 and 2. The Baltimore and Potomac railway will sell excursion tickets Oct. 30, 31, Nov. 1, and 2, good to return Nov. 3. Fair for the round trip, \$4.50, including admission to the fair grounds.

Marriage Licenses.

Marriage licenses were issued yesterday to Joseph Green, of Philadelphia, and Anne Wells, of this city; Jackson Knight, of Henrico county, Virginia, and Mollie Bishop, of Chesterfield, Va.; James Jackson and Sallie Thornton, Peter Springs and Sarah Kent, Henry Clay and Mary R. Miller, James W. French, of this city, and Mollie R. Price, of Charles county, Maryland; George M. Taylor and Annie D. Albers, both of Baltimore, Md.

He Wants \$9,000.

The executive mansion was again visited by a crank yesterday afternoon. He gave his name as John Cleveland, and hailed from the south. Addressing Sergt. Dismore he remarked: "I want the president to pay me \$9,000 for horses and property stolen from me during the war by Yankee soldiers. They were fine critters, and well worth \$500 each." He depicted a large pile of gray papers with the sergeant, and promised to call again.

RHEUMATISM, disordered blood, general debility, and many chronic diseases pronounced incurable, are often cured by Brown's Iron Bitters.

The Palais Royal.

## GRAND OPENING!

Nov. 1, 2, and 3.

## FURS WHY SO CHEAP!

Not because the goods are inferior, for the Palais Royal keeps no trash in stock. Well, why so cheap? Because we do business differently than furriers. We prefer to sell one hundred muffs at 10 per cent. profit, to the furriers' method of selling a dozen at 50 per cent. By buying large quantities for cash we obtain specially low prices, and by being content with a small profit we sell vast quantities of goods, which pays us in the end better than selling small quantities at large profits. That is why we sell so cheap.
